

## Welcome Home...

Welcome Home Senior Residences were created to provide a warm and comfortable living situation, where every senior resident feels like living in their own home, while receiving 24-hour attention and care. We understand the dilemma families have to face in caring for elderly family members in our modern society. We want to decrease the stress of the family members and help maintain a good relationship between the elderly and their family. Our goal is to ensure that every resident feels comfortable and secure by attending to all individual needs and requests.

We understand the growing concerns you have for your aging loved ones. When you want to provide what is best for them, Welcome Home Senior Residences has it all for you.

Welcome Home Senior Residence Group is very proud of our modern Residential Care Facilities. Each facility has been meticulously updated to our highly exacting standards while conforming to all Residential Care Facilities for the Elderly (RCFE) rules and regulations. In addition, each facility is equipped with free wireless internet access to help keep all family members connected who may have to work while visiting their loved ones in one of our facilities.

*Residences are individually owned by the Welcome Home Senior Residences Group*

At Welcome Home Senior Residences, we have been providing excellent quality of care home services for many years, and our varied experiences have made us enrich and enhance our competence in caring for seniors. As a licensed care home operator, Welcome Home Senior Services seeks to provide your seniors an enjoyable experience in a peaceful ambiance through our loving community and its tranquil environments.
